Career Objective

Passionate Frontend Developer with expertise in React.js and UI/UX design. Looking for opportunities to build scalable, high-performance web applications while continuously learning and improving.

Experience

RayVerse, Kolkata, West Bengal (June 2024 - Present)

Frontend React Developer and UI Designer

- Integrated email verification using Nodemailer, ensuring secure user authentication. Additionally, implemented automated service emails to notify users about bookings, cancellations, and updates.
- Utilized Zustand for efficient state management and MongoDB for robust data handling and storage.
- Designed and developed the client-side UI using React.js and Tailwind CSS, as well as handled backend RESTful APIs.
- Developed an Outstation Cab Booking System using React, TailwindCSS, Zustand, and MongoDB.
- Integrated JWT authentication and email verification for secure admin access.
- Designed and optimized UI/UX for a seamless user experience.
- Tools: Visual Studio Code, Git

Education

Budge Budge Institute Of Technology, Kolkata, West Bengal (2020 – 2024)

B.Tech. in Computer Science and Engineering
